Memberships

A membership includes all dependents listed on the health contract. Additional details include:

- Enter the parent’s membership number into BlueSourceSM for all applicants on the family membership
- Dependents age 18 and over are eligible for their own health contract. If they are on their own health contract, this requires a separate membership.
- If a dependent has a separate Farm Bureau Property & Casualty insurance policy (homeowners, renters, and auto insurance), this individual will have their own membership. However, they will not need their own membership number as a dependent **if** they are on their parent’s health contract.

Dues

Dues are based on the county of residence and range from \$35-55 annually. Dues are non-refundable and renew on the date of the initial membership.
